

Testimonials

What I appreciated most was that the service provided never stopped – even when the DJ had technically finished for the night, Lynne and her team were still on hand to find out if we wanted the party to continue or not! We greatly benefited from having them on site throughout the event. David Anderson, Partner, BDO Stoy Hayward

I know that without Lynne and Phoebe’s experience and guidance, the event would not have been the success it was. They dealt with the issues we had with the hotel both immediately and professionally. They also followed up on all outstanding issues after the event. Lynn Barron, BDO Stoy Hayward

I would wholeheartedly recommend Lynne Evans Events to run a congress. They are totally focused and experienced on running high level quality conferences and events. Lynne, in particular, has an excellent reputation in the industry and is extremely well respected by some notable clients such as BP, Total and Gaz de France. I will continue to use their services and seek their advice on any key congress activities. Tony Stephenson, Event Director Oil & Gas, dmg world media (uk) ltd

My sincere thanks to yourself and Phoebe for your support and guidance provided before and during the event. For a relatively inexperienced speaker like myself your guidance notes regarding preparation and presentation were most helpful and the efficient yet relaxed support provided at the venue help me to feel well prepared to speak. Captain Geoff Allsobrook, LNG Marine Operations Advisor, ChevronTexaco, USA

My congratulations to you on a very well run show. I have presented papers at more conferences and seminars than I care to remember, and I found the level of pre-conference information provided to be excellent. In particular I found the pre-conference information and guidelines to be very thorough and helpful, as were all the staff in the set-up room. Robert Allan, President, Robert Allan Ltd, Canada

Well done to you on the organisation, which was seamless and the pace of the content which was relentless! Trevor Turner, Gas Strategies Consulting Ltd

I’d like to congratulate you on the organisation of the conference which I thought was excellent – and I know how much effort goes into making it seem effortless. Your whole support team, in the Speakers’ room, was first rate. Afonso Reis e Sousa, Taylor DeJongh, UK

Thank you and your team for organizing this tremendous event. Never before have I been treated so well as a speaker, and I enjoyed the whole event thoroughly! Bluewater Offshore, USA

The best: optimum organisation, good content and attractive packaging Wingas GmbH, Germany

Outstanding - excellent facilities and transportation options, well run conference, excellent talks, good website and easy access to talks after the conference ExxonMobil Upstream Research, USA Full Member of ABPCO

“The Association of British Professional Conference Organisers (ABPCO) is the only association in the UK whose membership comprises exclusively of Professional Conference Organisers (PCOs). Formed in 1981, ABPCO represents the leading professionals in the industry. ABPCO members operate to the highest business and ethical standards, governed by a Code of Practice, in the management of national and international association and corporate conferences, seminars, top-level meetings, exhibitions and special events.”
